|-------------------------------|--|
| Challenge Name | Tied Up |
| Number of People/Teams | Teams of 4-12 people |
| Equipment Needed | Shoe Laces/Piece of Cloth/Rope (Anything which can tie the participants' wrists together) |
| Instructions | Organise your group into an inward facing circle. Ask them to hold out their arms to the side and then tie them to both of their neighbor's wrists. The whole group should now be connected and tied up. Next present a simple task for them to complete. Example: Wrap a present, build a bridge, make a lasso and try capturing a leader, tidy up the room, create an art project, pour a cup of water for everyone in the group |
| Other Notes | This can be done with ankles instead of wrists. To make it a tougher challenge, blindfold or mute a few of the participants. |
