

World Scout Jamboree 2027 Malta Contingent - Call for application

Role: IST Support Coordinator

As part of its aim to strengthen the planning team of the Maltese Contingent for Poland 2027, the team is looking to onboard an IST Support Coordinator.

Role:

The IST Support Coordinator is responsible for overseeing, guiding, and supporting all members of the International Service Team (IST) within the Maltese Scout Contingent. This role involves coordinating with the Head of Contingent, other leadership roles, and relevant stakeholders to ensure IST members are well-prepared, engaged, and fully supported before, during, and after the World Scout Jamboree.

The IST Support Coordinator ensures that every member of the International Service Team within the Maltese Scout Contingent is equipped with the knowledge, resources, and motivation to excel at the World Scout Jamboree. This includes everything from pre-event training and logistics coordination to on-site mentorship and post-event evaluation. While direct IST or large-scale event leadership experience is strongly preferred, a willingness to learn, adapt, and lead proactively is essential. Through effective communication, team building, and strategic problem-solving, the IST Support Coordinator plays a vital role in shaping the IST's contribution to a successful and memorable Jamboree experience.
