

To All members of the Scout Association of Malta

As you all know, the 24th of January was a memorable day in the Association's history. This was the first time that members above the age of 11 years had the right to vote and choose the colour that each felt was the best option for our Scout Uniform.

Below are the results of that ballot:

Election Results for Uniform Colour Ballot

BRIEF SUMMARY

=====
Election Type: Plurality Voting
Started at: January 24, 2015 09:00 AM
Finished at: January 24, 2015 07:00 PM

The Way Forward

The results will now be discussed at National and Executive level (this in light of the recent uniform developments in other youth organizations and also bearing in mind the recommendations of the Uniform Committee) following which, as already mentioned the top three colours are to be presented to the designers so that two 2-colour mix-and-match designs for the new scout uniform can be created.

Once these designs are finalised, both designs will be presented to the members of the Association in actual life-size models.

A final vote will then be cast to choose the final design.

Further information will be sent to you in due course.

Dr Arthur Azzopardi
Chief Scout
