# A Simple Friendship Bracelet

Show your friends that you care and that you want to show it to the whole world.

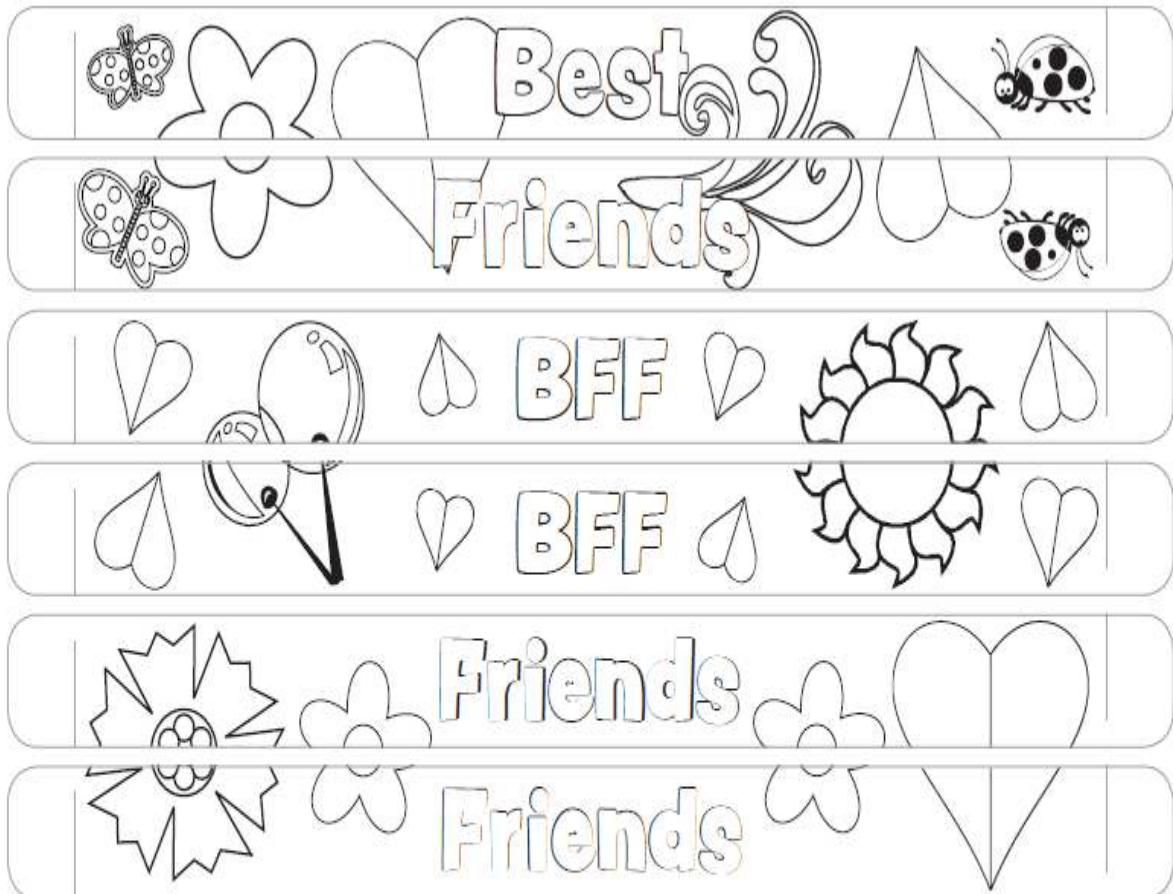

## What you'll need:

- Bracelet template
- Bright Colours
- Scissors
- Decorations—sequins, glitter glue, etc.

## How to do it:

- Enlarge and print the template on cardboard paper.
- Cut out the bracelet template.
- Colour it in.
- Put a small slit at each end so that the ends will slide through each other and the bracelet will not open up.

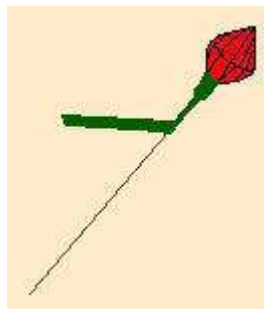

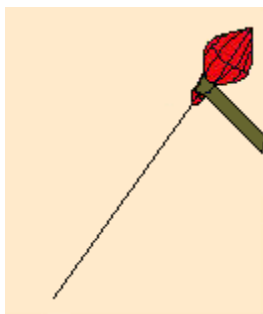

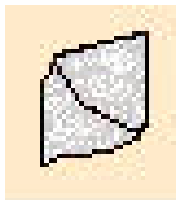

# Candy Roses

## What you'll need:

- Triangular Shaped Wrapped Chocolates
- Double-sided tape
- Cellophane
- Green florist tape
- Wooden Kebab Sticks
- Ribbon
- Scissors
- Wire cutters (to be handled by a Leader)

## How to do it:

- Using a small square of the double-sided tape, stick the 2 chocolates together, bottom to bottom. It will help the Beavers handle the chocolates while wrapping.
- Take a piece of cellophane.
- Place the tip of one of the chocolates in the centre of the square, then wrap the cellophane around both chocolates, gathering the corners together around the tip of the other chocolate.
- Wrap the gathered corners together as tightly as you can.
- Insert a wooden kebab stick into the gathered cellophane until it meets the tip of the chocolates. (*Do not* push the wood into the chocolate!)
- Wrap the edges of the cellophane together with the kebab stick tightly with the florist tape and keep going until all the kebab is covered in florist tape.
- Make some more roses and put them in a small vase or bottle.
- Decorate the bottle or vase with ribbons.

- Use the long nose pliers and bend down the tip of one end of the wire.
- String beads onto the wire to spell out a name or another word.
- Once you have your beads all on the wire, clip off any extra wire leaving just enough to bend over the end so the beads stay in place.

# Matchbox Keepsake Boxes

Those tiny matchboxes may seem too small for anything other than, well, matches, but this colourful project proves otherwise. They can be used for small items of jewellery, sweets, and other keepsakes

## What you'll need:

- Decorative paper
- Ruler
- Empty matchboxes
- Craft glue
- Thumbtack
- Wooden skewer
- Large-eyed needle
- Narrow ribbon
- Decorations

## How to do it:

- Cut a piece of decorative paper to wrap around the box.
- Cut two more pieces to cover the ends of the drawer. Glue the paper to the box and let it dry completely.
- Remove the drawer and use the thumbtack to punch 2 holes, side by side, in one side of the box. Use the pointed end of the skewer to slightly enlarge the holes.
- Use the needle to thread the ribbon down through one hole and up through the other, then knot the ribbon against the outside of the box.
- Line the drawer with matching paper, then slide it back in place. Decorate the outside of the box with a shape cut from coordinating paper. Fill the box with tiny treasures.
